

# Quiz

Let's take a quiz and review some of the material we learned in this chapter.

1

Quickstart projects are skeleton projects that we can use for the basis of our own applications.

2

What is the purpose of the `--batch-mode` flag?

3

What does Skaffold do?

How do we trigger the build of the application in Jenkins X?

What is the purpose of the `--filter` flag?

What is the command to retrieve information regarding Jenkins X environments?

[Retake Quiz](#)

---

The next chapter will deal with importing existing projects into Jenkins X.
