

Quiz

Let's take a quiz and review some of the material we learned in this chapter.

Can we install Jenkins X in an existing Kubernetes Cluster?

Can you practice Jenkins X locally using Minikube or Docker Desktop?

Why can't we use Minikube or Docker Desktop for Jenkins X?

Do we need to enable billing for the project on our cloud provider?

Why do we run compliance tests?

Which command is used to install Jenkins X in an existing Kubernetes cluster?

[Retake Quiz](#)

In the next chapter of this course, we will be exploring quickstart projects.
