

Quiz: HTTP Fundamentals

In this lesson, your knowledge of HTTP's basics concepts will be evaluated through a quiz.

Quiz - HTTP Basics

What does the H in HTTP stand for?

Which one is not a HTTP method?

What is the difference between HTTP & HTTPS?

Which one is not a HTTP status code category?

Can we pass a form parameter in a GET request?

[Retake Quiz](#)

That's all about the HTTP parameters and the HTTP basics. In the next chapter, we will learn about the REST API and its architecture.
