

## Exercise 4: Arrays and Matrices

Let's test your understanding of arrays and matrices.

### We'll cover the following ^

- Problem Statement
- Output
- Test Yourself

## Problem Statement #

Create a **3x3 character array**. Populate it with the first 9 letters. Then print the array on the console.

Use `cat()` to print the array.

## Output #

```
a b c d e f g h i
```

## Test Yourself #

Write your code in the given area. If you get stuck, you can look at the solution.

```
# Write your code here
cat(" ")
```

In the next lesson, we provide a solution review of this exercise.
