# Quiz

Solve a short quiz to test the basic understanding of the concepts explained in this chapter!

1 It is not required to use parentheses with the `echo` function.

2 `;?>` is the starting symbol for any PHP program.

3 Which of the following changes would prevent the error from occuring

```php
<?php
echo "My name is Jerry"
```

4 You can also use `print` function instead of `echo` function in PHP.

In the next lesson, there's a basic challenge you can do before you start learning harder concepts in PHP.
